PROFESSIONAL EXPERIENCE

Full-Stack Engineer • Ayur AI — Chennai, TN *Jun 2023 – Oct 2026*

- Led the migration of a monolithic application to an independently deployable **microservices** architecture (Node.js, Express.js, Docker, AWS), enabling isolated scaling and faster releases, and **cut AWS infrastructure cost by 75%** while maintaining **99.9% uptime** for thousands of active users.
- Developed and shipped to production the **Aiwell** Android app, an AI-powered Ayurveda health and wellness platform (dosha assessment, personalised diet and lifestyle plans, food logging, teleconsultation, goal tracking), using Kotlin and Jetpack Compose.
- Developed the on-device Android application for Ayur AI's **AI Kiosk**, integrating body composition analysis (BCA), PPG and ECG sensors, and facial analysis.
- Designed and shipped production-grade RESTful APIs and React.js web apps, with end-to-end AWS infrastructure (EC2, ECS, Lambda, S3, CloudFront, Route53, Cognito, DynamoDB, SES, SNS, Amplify) monitored through CloudWatch.
- Containerised services with Docker and built GitHub Actions CI/CD pipelines, cutting deployment time and making releases consistent and repeatable.

PROJECTS

Textrovert — Real-Time Chat Application — *Node.js, React.js, WebSocket, Firebase*

Full-stack real-time chat platform with WebSocket-powered messaging, voice notes, GIF/sticker support, media and document sharing, and live location — built for low latency and cross-device compatibility.

Smart Water Tank Monitoring System — *IoT, Node.js, Web App, SMS/Email Alerts*

IoT-integrated web application for real-time remote tank-level monitoring with automated threshold-based SMS and email alerts, enabling proactive water resource management.

EDUCATION

Bachelor of Computer Applications (BCA) • SRM Institute of Science and Technology, Chennai *2019–2022*

CERTIFICATIONS

- Full Stack Development — Guvi & IIT Madras
- AWS Cloud Technical Essentials — Coursera

ACHIEVEMENTS

- Awarded 1st Prize for the Smart Water Tank Monitoring System at SRM Institute Project Day 2022, recognised as the standout project among all final-year BCA submissions.
